

## Acrylics and canvases

Using the latest high-end flat-bed print technology, you can be assured that we print in high-definition directly to the Acrylic surface for the ultimate pin-sharp reproduction of your image.

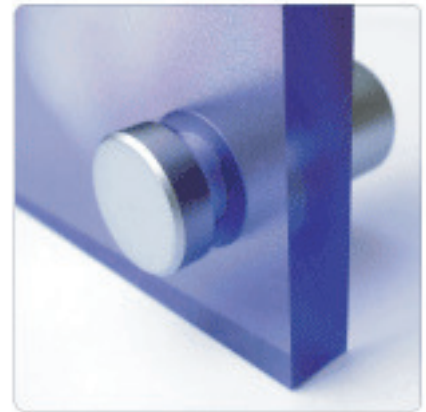

Our UV cured direct Acrylic printing technology is considered to be the finest quality currently available anywhere in the world.

Put your photo on Acrylic and see it come alive as ambient light interacts with your artwork or photographs, creating an art piece of modern elegance and style.

The printed acrylic sheet is secured to the wall with the included high quality purpose made aluminium wall spacer fixings.
